

AGMASTER

HARRINGTON® NO-TILL

1800 NO TILL

Kwik Fit ***For Double Bolt*** ***C-Shank Tynes***

NEW
PRODUCT!
FOR 2017

Agmaster is excited to announce the release of our new Seeding Boot concept "Kwik Fit".

Choose from 3 different closing tool options for same mount!

Above: Kwik Fit full seeding system with paired row 95mm Seeker Wing, Dry Fertiliser Boot and 14mm Liquid Lo-Thro Point. \$320 excluding GST

◆ Multiple closing tool options

Kwik Fit provides flexibility to easily change between Paired and Single Row with the option of three different closers for the same mount. There are now two Paired Row Seeker Wings to choose from; either standard 95mm wide wing or narrower 75mm wing for closer rows and less soil throw. A Single Row 45mm closer is also available

◆ Dry and Liquid Fertiliser Options

There is an optional dry fertiliser boot available for double shooting and provision for liquid down the point slot and/or with seed

◆ Compatible with our existing NT11 Point & Holder System

This system compliments our extensive range of Seeding Points and gives the farmer over 20 different seeding configurations

◆ One bracket fits all

The same bracket fits all Double Bolt, Flat-On, C Shank tynes

◆ All bolts accessible by air ratchet
